POFESSIONAL EXPERIENCE

JUNIOR SOFTWARE DEVELOPER,HDSOFT SYSTEMS   Dec 2024 - Present

As a Junior Software Developer at HDSoft Systems, I am currently contributing to the SCB Bank application development using Spring MVC with Java. My focus is on learning and assisting with implementing features, resolving issues, and collaborating with the team to deliver efficient and reliable banking solutions.

Front-End Developer Intern,Leadsense Media India Pvt Ltd   Nov 2024 –Dec 2024

As a Front-End Developer Intern for the Leadsense Job Portal, I developed dynamic React.js applications and designed responsive layouts using HTML5, CSS3, and Bootstrap. I contributed to debugging, feature implementation, and UI enhancements, ensuring efficient and user-friendly solutions.

EDUCATION

Bachelor of Engineering in Computer Science
Rajalakshmi Institue of Technology in Chennai   Sep 2020 - May 2024

PROJECTS

- **Leadsense Job Portal:** Developed dynamic features, responsive layouts, and optimized user interactions using React.js, HTML, CSS, and Bootstrap, enhancing overall user experience.
- **Gym Trainer Portfolio (Freelance)**: Designed and deployed a portfolio website using React.js, HTML, CSS, and Bootstrap, showcasing services, transformation photos, and professional expertise. Link : https://monster-siva-portfolio.netlify.app/
- **Employee Management CRUD Application:** Built a full-stack application with React.js, Spring Boot, MySQL, and Bootstrap, enabling efficient employee data management, reporting, and real-time updates.
- **Project Management Task Tracker:** Created a task management system with React.js, HTML, CSS, and Bootstrap, offering an intuitive, responsive interface for seamless project tracking and collaboration.
- **Quiz App:** Developed an interactive quiz application using React.js, HTML, CSS, and Bootstrap, featuring real-time scoring, feedback, and a responsive, engaging design.
- **Guess the Number Game:** Built an engaging number-guessing game with React.js, HTML, CSS, and Bootstrap, focusing on user interaction, challenge, and an intuitive experience.
